## TRANSPORT

**Transfer from the Nikola Tesla Airport.** Taxi is the best and fastest option. Trip takes around 30 minutes and the cost is fixed (no metering in the car), but depends on the destination. The price to the Metropol Palace hotel and the city center is about 25 Euro (3000 dinars). The taxi rides are organized by the airport and you must get the taxi voucher at a counter located in the international arrivals area (look for the counter as soon as you exit the customs area and before exiting the building). After getting the voucher, exit the building and take the first taxi in the line. The voucher is to be shown to the taxi driver and you will pay upon finishing the ride. Paying in cash is the preferred way, and most taxis do not accept cards.

Public transport to/from the airport: A1 mini shuttle bus goes from the airport to the Slavija square. From there to the Metropol Palace hotel, you can walk (about 900 m) or take tram no 2, 7 or 12.

**Transport in the city.** Taxi rides are reasonably priced in Belgrade and recommended. For public transport please use directions by Google Maps.

## **CURRENCY**

Local currency is Serbian Dinar (RSD), with the average rate of between 117 and 118 RSD for 1 EUR. The best exchange rate is offered by exchange offices, while the banks have high fees. Cards are accepted almost everywhere (kiosks and very small shops may be an exception). For taxi rides, you must ask in advance if the driver would accept the card or cash.

## **WEATHER**

Please note that Belgrade can be very hot in July, but most places are air-conditioned. Five-day weather forecast by national hydrometeorological service can be found here:
