**Webinar#1  
Introduction and opportunities for NbS: reflections  
from RECONNECT**

---

**Date:** 8th May 2023, 14:00 CEST. **Duration:** 1,5 hours

This webinar will introduce the context where NbS are cocreated, implemented and upscaled with the aim to reduce hydrometeorological risks.

Participants are expected to get knowledge on the EU and international policy framework supporting NbS, and on innovation and technologies for their implementation.

Moreover, attendees will be taught on NbS co-creation and upscaling and finally will receive an overview of NbS replication potential and examples of business models.

**Target audience:**

Government agencies, decision makers, practitioners, researchers, investors, whoever wants to improve knowledge on NbS.

**Programme:**

**> NbS introduction and policy framework**

*(Zoran Vojinovic, IHE Delft Institute for Water Education)*

**> Innovative aspects and technologies for implementation of NbS**

*(Natasa Manojlovic, Hamburg University of Technology)*

**> NbS co-creation and upscaling**

*(Diana Dushkova, Helmholtz Centre for Environmental Research)*

**> NbS replication potential and business models**

*(Alvaro Fonseca, Ramboll)*

**> Q&A**
